SuisseCo provides competent support for your projects!

Today, the digital age requires diverse and specialised knowledge that is not available in every company. For the digitisation of business processes and data management, IT know-how is in-demand. For the implementation of such business ideas, IT specialists are often required at short notice to deal with enquiries promptly.

As a personnel service provider, SuisseCo has been helping clients search for the right IT experts for their project since 2007. With SuisseCo at your side, you can completely focus on the care of your customers and business partners. Thanks to our Europe-wide recruitment, you will receive proposals for highly qualified candidates with the appropriate skills to your complete satisfaction within a short space of time. No matter whether you need specialists for temporary projects or a longer-term relationship, SuisseCo will support you from the start of the search until the conclusion of the contract!

Gain success with the right specialists.

Our Services for You

Are you looking for highly qualified IT experts for your company? SuisseCo will help you! Through our European-wide network, we are able to provide you with reliable and motivated specialists to match your project.

We will invest time with you. With individualised and personal support, we can support you on-site with your IT projects from consulting and planning to implementation. We guarantee prompt and versatile solutions of the highest quality.

SuisseCo supports you – individually – with the recruitment of competent IT specialists for your projects.

IT WORKSHOPS

Contracting

You retain flexibility thanks to our staffing services. SuisseCo can provide you with IT specialists for temporary project assignments. If your company has projects that require special expertise, then you can take advantage of our staff hire service.

Indeed, SuisseCo will provide you with the appropriate experts. Different types of contracts are possible, you decide how you want to work. The advantages of short-term personnel recruitment with SuisseCo are obvious: you retain full budget control through maximum planning reliability and can, therefore, concentrate more on your daily business.

Permanent recruitment

Are you looking for long-term support for your IT projects, but you lack the appropriate specialist personnel? In addition to contracting, SuisseCo offers you the possibility of recruiting specialist staff for permanent positions.

We will present you with qualified candidates who meet your requirements, as well as possessing social skills in line with your company culture and team composition. Through our sustainably built network of experts, we have access to candidates who are not actively looking for work. With SuisseCo you can bring your vision to fruition!

Consulting

Do you have an idea for an IT project? Maybe you've encountered a problem during analysis or implementation?

With our consulting services, we will support you from the very beginning. Together, our IT experts and you will examine, evaluate and optimise your project so that a plan for further action can be drawn up. Thanks to the many years of successful practical experience our specialists have, we will reliably see your project through from planning to implementation. To do this, SuisseCo makes use of its diverse relationships with strategic partners and suppliers who will make your wishes a reality in a targeted manner.

IT Workshops

Whether it is a question of improving your IT organisation, optimising current technologies or further developing your IT systems, SuisseCo can help you move your business forward. In our workshops, our experts examine your existing IT infrastructure and the concepts currently used.

Together, we will develop strategies with you to enable you to fully exploit your performance potential. With our analyses based on the latest IT standards, we'll help you to make strategic decisions regarding the deployment, budgeting and development of your IT systems simply and efficiently. Trust in our experience! It is our wish to provide you with professional support in all phases.

Why SuisseCo?

We work in a solution-oriented manner to high-quality standards. In order to keep getting better, we are always looking for ideas and by sharing our experience with our customers and partners.

Technology Partners

In order to supplement our competencies, we work together with specialized partners, some for many years. In this way we can optimally support our customers and implement tailor-made solutions.

IHS Markit Ltd. is a global provider of information services, software and consulting services for data management and analytics. SuisseCo is preferred partner in the DACH region. As a manufacturer of solutions for Enterprise Data Management (EDM), IHS Markit is focused on the procurement of commercial and financial data.

Informatica. The digital transformation is changing our expectations towards better service and faster delivery at lower costs. Companies have to reorient themselves in order to remain competitive. Data plays a central role in this. Informatica is 100% data focused and offers companies versatile solutions to assert themselves in the market. We invite you to explore everything that Informatica has to offer – and harness the power of data to fuel your next intelligent innovation.

Microsoft Partner

We look forward to hearing from you and to a successful cooperation.

SuisseCo stands for team spirit, responsibility, transparency, quality and innovation. With a large pool of IT experts from all over Europe, we will find the employee for you who fits your expectations and project requirements!
